

690 Series

XpressTint Compatible

LOW SHEEN

• New Product

New available in: 10%, 20%, 30%, 45%, 60%, & 80%.

690 Series Polyurethane is a totally new product range and is the culmination of years of EVIC Research & Development.

You should never experience, uneven, patchy low gloss finishes even in dark difficult colours. We can guarantee to show you how to get that peel free beautiful finish.

• Super Fast-High Productivity Coating

690 Series Low-Sheen polyurethanes are all team up with a unique Part B that ensures fast through-cure, allowing for very early packing- in nearly any condition.

• Excellent Coverage in Virtually Any Colour

690 Series Low Sheen are available in factory made or XTint made colours. Using EVIC's high concentrate colour base system.

• Simple System

690 Low Sheen & 690 STD Part B are designed to be used all year round in most environment. THAT'S EASY!
